

# MEMORANDUM

---

To: Rosemont Copper Company (Westland Resources)  
From: Cheniae & Associates, Inc.  
Date: October 30, 2007  
RE: Forest Service Response Matrix -- (Admin-2, Item 15)

Admin-2, Item 15: Clarification on what is meant by "controlled by Augusta Resource Corporation" (Executive Summary, page 1, third paragraph)

Response: Controlled in the context of this paragraph means that by the fact that "Augusta" has properly filed and maintained mining claims in the location described in this paragraph, they have the right to develop these lands for mining purposes under specific conditions. Thus some degree of control.
